

Reinventing HR through Technology

Synergy is a leading PEO providing total HR solutions since 1989. We strive to remove costly and time-consuming HR functions from the day-to-day responsibilities of businesses like yours so you can get back to what you do best. To that end, we are constantly harnessing best practices and cutting-edge technologies that can take your HR function to the next level.

That effort has most recently led to the debut of our brand-new SOLVER website. As the industry's leading online HR platform, our new software is set to immediately revitalize and streamline your business.
